

Coppell Community Chorale

2016-2017 Concert Season

The Coppell Community Chorale is a volunteer based non-profit choir performing under the direction of Duilio Dobrin. Dobrin is an award-winning conductor who has performed in venues both nationally and internationally. Additionally, he is a composer, arranger, and educator. The choir brings together singers of all ages from Coppell and the surrounding communities. Its mission is to promote a greater appreciation and enjoyment of quality music throughout the greater Coppell community.

The Chorale is one of the oldest organizations in the city and its first public performances date back to 1986. In the 2016-17 season, we will present four major concerts as listed below. In addition to our regular schedule, The Variations of the Coppell Community Chorale (a select ensemble of Chorale members) perform at various local venues throughout the year, including local retirement homes, churches, civic groups, parades and festivals.

The Chorale rehearses Monday nights, 7:00 to 9:00 PM at the Coppell Center for the Arts, 157 S. Moore Road. All are welcome, no auditions required!
