FLATWORK

Submittal requirements for work being performed in all categories:

- A completed and signed permit application;
- All general contractors and subcontractors must be registered with the City.

Concrete Work: All concrete work, such as driveway approaches, driveway extensions, private walks, foundations, etc., requires permits and inspections. The maximum width of a driveway at the property line is 24 feet and the minimum width is 12 feet with 5-foot radii required at the approach. Lots that are large enough may have a circular drive, which requires a minimum 20-foot approach separation.

- Two (2) site plans showing the location and dimensions.

All inspections must be scheduled on-line or called in to the front desk. The number is (972) 304-3500. Please do not leave messages requesting inspections. Same day inspections will be performed for all online requests made before midnight. Next day inspections will be performed for all inspections phoned in before 5 p.m. each weekday.
