

EXTERIOR ELEVATION STUDIES

WILLIAM T. COZBY PUBLIC LIBRARY

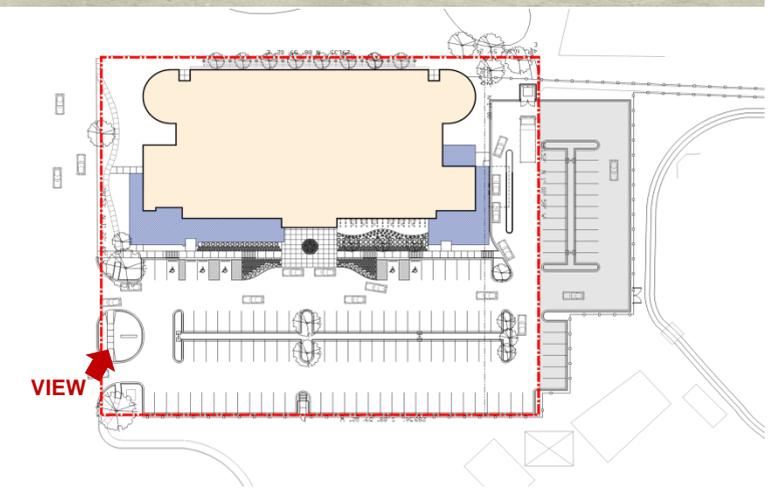

VIEW 1 of NE Corner MEETING ROOM and SOCIAL GATHERING EXPANSION

- **Meeting Room Expansion:** Stone base and masonry façade above glass. Glass to receive a ceramic "frit" with solar shading "fins" on all sides.
- **Social Gathering Expansion:** Clear glass with horizontal mullions and butt glazing with brick veneer panels and cast stone surrounds with punched round windows.
- Separation walls between Meeting Room and Social Gathering expansion and Main Entry consists of brick veneer.
- Rough stone façade and cast stone cornice at secondary exit of Social Gathering and at Main Entry. Each with a covered canopy.

EXISTING NE Corner

The following elevation studies meet the code requirement of 80% masonry
