What is the Citizen's Police Academy

The Citizen's Police Academy (CPA) has been established to promote an understanding of the Coppell Police Department, its policies and procedures. Police Work is filled with many variables that require professional solutions. The goal is to reduce perceived suspicions and misconceptions by establishing mutual trust and cooperation between the police and the citizens of Coppell. The Citizen's Police Academy presents an opportunity to promote civic awareness.

Classroom presentations, lectures, and "hands-on" experience offer participants valuable insight into the day-to-day operations of the Police Department. Department employees receive direct feedback from members of each class. This two-way communication between police officers and the community furthers the effort to improve the quality of life for residential and business communities.

Class Topics:

*Patrol Practices,
Criminal Investigations,
Crime Scene Investigations,
Community Policing

Traffic Enforcement*

Promoting Community Awareness through Citizen Participation:

Experienced Police Officers provide briefings and demonstrations and engage in discussion about police operations with class participation.

Each week, different areas of law enforcement are covered. This allows citizens to acquire a working knowledge of the activities that the Coppell police officers perform.

Class members have the opportunity for guided tours of Police Headquarters and . Participants also are given the opportunity to take part in "hands-on" training similar to what's required for the training of new recruits.

The "ride-out on patrol" program allows students an insight in a "Day in the Life of a Coppell Police Officer."

Course Objective:

The Citizen Police Academy is designed to build a bond of mutual trust and respect between the police department and the community. Additionally, the academy highlights the importance of citizen participation in public safety, so that the community may remain free from the fear of crime.
